

Refrigerated Trailer Compressors

WHY REVIVA COMPRESSORS FOR YOUR TRANSPORTATION REFRIGERATION UNIT?

Reviva's TRU compressors are truly the most cost effective way to bring your unit back to new condition. Reviva is a qualified remanufacturer with over 60 years experience. We are please to announce our full line of both Thermo King[®] and Carrier[®] compressor models.

Reviva's remanufacturing process ensures the highest quality, most reliable product

- All units are completely disassembled
- Components are inspected for excessive wear, nicks, rust, cracks, corrosion, deformity, or any other possible defect
- Carrier: Cylinders are honed, rebored, and/or sleeved
- Thermo King: Cylinders sleeves are inspected, honed and/or replaced with new
- Each component is remanufactured to OE or better specs
- 100% new valves, bearings, pistons, rings, gaskets, and seals
- 100% Bench tested for vacuum side and pressure side

Carrier 05G41 Ultra

Thermo King X430

Part Number	Description
70D4D026C	T-K, X426, with small shaft
70D4D030A	TK, X430LS, with large shaft (1 3/16")
70D4D030B	T-K, X430LS, with large shaft and 7qt oil sump
70D4D030C	TK, X430SS, with small shaft (1")
70D4D041A	Carrier 05G41CFM, with ultra flange with unloaders
70D4D041B	Carrier 05G41CFM, with ultra flange w/o unloaders
70D4D041D	Carrier 05G41CFM, with full round flange, (Advantage, T-Bird) w/o unloaders
70D4D041C	Carrier 05G41CFM, with full round flange, (Advantage, T-Bird) with unloaders
